December 13, 2016

Mayor Gaasch and Members of the City Council
Lauderdale Residents and Taxpayers

Dear Mayor and City Council:

Please accept the 2017 budget and my appreciation for your work to plan for a successful 2017. This budget is the product of months of preparation and discussion involving City Council, staff, and the City's public safety partners. The budget reflects the City Council's commitment to providing high quality services at the best price.

Four fund types comprise the Budget: General Fund, Special Revenue Funds, Capital Improvement Funds, and Enterprise Funds.

General Fund

The General Fund is the City's largest fund. Revenue is primarily generated from property taxes and state aids. Fiscal Disparities, a metropolitan area revenue sharing program, provides an additional $131,121, which is an increase of $14,964 from what the City received in 2016.

The General Fund budget balanced at $1,336,024, an increase of 2.6% over 2016. The primary cost increases were for the police contract ($19,529), comprehensive plan update ($10,000), and staffing ($4,897). The property tax levy increased 4.7% to cover the additional expenses.

In 2016, Lauderdale saw the largest increase in median home values in Ramsey County. In 2017, Lauderdale saw the largest decrease. The county assessor attributes Lauderdale's small number of home sales each year to larger variances in values than what other cities experience. The median value for 2017 is $184,350, down from $186,550 in 2016. Due to the decrease in values relative to the rest of Ramsey County, residents of a median valued home will see a property tax decrease of approximately $157.

Special Revenue Funds

Previously, the City had three special revenue funds. With the revisions to the chart of accounts this year, the City now has two special revenue funds that track activity for the cable television franchise and recycling collection. Community event revenue and expenses are now part of the General Fund.

The Communications Fund pays for the staffing and technology necessary to provide access to public, educational, and government (PEG) programming on the City's public access channel.

The revenue is derived from the City's cable franchise agreements with Comcast and CenturyLink. Both entities provide the same level of PEG support in addition to other services.

The Recycling Fund operates with a mix of grant dollars and special assessment fees paid by homeowners. The money provides for weekly collection of recyclables. The fund has generally maintained a healthy fund balance due to the revenue the City received from the sale of materials. The materials markets have slumped. In order to preserve the Recycling Fund's fund balance, the Council approved an increase in the recycling rate of $1.68 per household for 2017.

Capital Improvement Funds

The new chart of accounts also eliminated and renumbered some of the capital improvement funds so they follow the State Auditor's guidelines. The Capital Improvement Funds are the 401 General Capital Improvement Fund, 402 Street Capital Fund, 404 Park Improvement Fund, 414 Development Fund, and 415 Housing Development Fund. The 403 Storm Water Capital Fund and 407 Sanitary Sewer Capital Fund were blended into their respective enterprise fund. Revenue in these funds comes from investment interest and post-audit General Fund transfers when warranted.

Capital improvement projects planned for 2017 include alley improvements, resurfacing of the tennis court if warranted, and site prep for 1821 Eustis Street.

Enterprise Funds

Enterprise funds are intended to operate similarly to a private business, where the costs are recovered through user charges. The City operates two enterprise funds: the 602 Sanitary Sewer Fund and the 603 Storm Water Fund.

The primary expense of the Sanitary Sewer Fund is wastewater treatment service provided by Metropolitan Council Environmental Services (MCES). Based on the need to set aside some money each year for maintenance and repair of the system, the Council approved a 2.5% or $1.32 per quarter increase to the City's sanitary sewer rate.

The on-going expenses of the Storm Water Fund include meeting the requirements of the City's Storm Water Pollution Prevention Program (SWPPP), staffing, and system maintenance and repairs. The Council approved a 5.0% or $0.76 per quarter increase to the City's storm water rate for 2017.

I look forward to working with the Mayor and City Council and City employees in carrying out the vision and work plan of this budget document.

Respectfully submitted,

Heather Butkowski

Heather Butkowski
City Administrator

GENERAL FUND

The GENERAL FUND accounts for all revenues and expenditures of a governmental unit which are not accounted for in other funds. It is usually the largest and most important accounting activity for state and local governments, normally receiving a greater variety and number of taxes and revenues than any other fund. Specifically, it receives such revenues as general property taxes, licenses and permits, fines and penalties, rents, charges for current services, state grants and aids, and interest earnings. In turn, the GENERAL FUND also finances a larger range of activities than any other fund.

SPECIAL REVENUE FUND

The Special Revenue is established to account for specific revenues or other sources that are designated for financing particular functions or activities as required by federal regulations, state statute, city ordinances, or specific grant agreements. Most of the special revenue funds in Lauderdale's budget are related to specific franchise agreements or grants for specific activities.

CAPITAL PROJECT FUNDS

The following Capital Project Funds are established to account for the resources used for the acquisition of capital facilities and infrastructure for the City with the exception of those financed by the Enterprise Funds.

GENERAL CAPITAL IMPROVEMENTS
Established to account for transactions relating to capital improvements to municipal buildings.

CAPITAL IMPROVEMENT - STREETS
Established to account for revenues in excess of expenditures resulting from street improvement projects. The City's policy is to charge a standard residential assessment rate for street improvements. This fund will be used to finance expenditures that exceed revenues received from assessments for future street improvement projects.

PARK IMPROVEMENTS
Established to account for expenditures on public park acquisition and improvements.

DISTRICT TAX INCREMENTS
Established to account for revenues and expenditures in tax increment districts. Separate accounting is necessary to meet the statutory reporting to the Office of the State Auditor.

DEVELOPMENT AND HOUSING DEVELOPMENT
Established to account for revenues and expenditures related to business and housing development projects.

ENTERPRISE FUND

The ENTERPRISE FUND was established to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public is financed or recovered primarily through user charges.

SUPPORTING DATA

- Glossary of Terms
- Capital Improvement Plan

GLOSSARY OF TERMS

The Annual Budget contains specialized and technical terminology that is unique to public finance and budgeting. To assist the reader of the Annual Budget document in understanding these terms, a budget glossary has been included in the document.

AD VALOREM TAX

A tax levied on the assessed value of real and personal property. This tax is also known as property tax.

APPROPRIATIONS

An authorization made by the City Council, which permits the City to incur obligations and to make expenditures of resources.

BALANCED BUDGET

A budget in which planned funds available equal planned expenditures.

BONDS

A certificate of debt issued by an entity, guaranteeing payment of the original investment, plus interest, by a specified future date.

BUDGET

An annual financial plan that identifies revenues specifies the type and level of services to be provided and establishes the amount of money that can be spent.

BUDGET OVERVIEW

The opening section of the budget, which provides the City Council and the public with a general summary of the most important aspects of the budget, changes from the current and previous fiscal years, and the views and recommendations of the City Administrator.

CAPITAL ASSETS

Assets (buildings, vehicles, land, infrastructure) with an expected life of more than two years and a unit cost of $5,000 and greater.

CAPITAL IMPROVEMENT PLAN (CIP)

The budgeted costs to provide needed infrastructure, park development, building construction or rehabilitation, equipment, vehicles and other related items. Funding is received from bonding and other various sources.

CAPITAL PROJECTS FUND

The Capital Improvement Fund established to account for resources and uses of capital projects financed by sources other than property owner assessments.

CAPITAL OUTLAY

A level of budgetary appropriation which includes expenses for the addition of capital assets such as land, building, machinery and equipment.

CHARGES FOR SERVICES

Consists of a wide variety of fees for services charged by City agencies, generally categorized under Social Room & Park Rents, Public Safety, Merchandise Sales, and Zoning.

CONTINGENCY

An appropriation of funds to cover unforeseen events that occur during the fiscal year.

CURRENT TAXES

Taxes levied and becoming due during the current year, from the time the amount the tax levy becomes due until sixty days after the first of the next year.

DEBT SERVICE

The City's obligation to pay the principal and interest of all bonds and other debt instruments according to a pre-determined payment schedule.

DEBT SERVICE FUND

The debt service fund is used to account for the accumulation of resources for and the payment of general long-term debt principal, interest, and related costs.

DELINQUENT TAXES

Taxes that remains unpaid on and after sixty days past the first of the year following the year in which they were due.

DEPARTMENT

An organizational unit for purposes of administration and cost accounting.

ENTERPRISE FUND

A self-supporting fund designed to account for activities supported by user charges; examples are water, storm water and sanitary sewer.

EXPENDITURE

Decreases in net financial resources. Expenditures include current operating expenses, which require the current or future use of net current assets, debt service and capital outlay.

FINES AND FORFEITURES

Consists of a variety of fees, fines and forfeitures collected by the State Court System, including bail forfeitures, garnishments, legal defenders recoupment and juror/witness fees.

FISCAL DISPARITIES

Local units of government in the Twin Cities metropolitan area and on the iron range participate in property tax base sharing programs. Under these two programs, a portion of the growth in commercial and industrial property value of each city and township is contributed to a tax base sharing pool. Each city and township then receives a distribution of property value from the pool based on market value and population in each city.

FISCAL YEAR

Any period of twelve consecutive months designated as the budget year. The City's budget year begins January 1 and ends December 31.

FRANCHISE FEE

Fee imposed on local sales of public utility services, such as electricity, gas, and cable television.

FUND

An independent fiscal and accounting entity with a self-balancing set of accounts for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations or restrictions. For descriptions of the various funds, listed below, please see heading page for each fund in this document.

General Fund
Special Revenue Funds
Capital Projects Funds
Enterprise Funds

FUND BALANCE

The excess of assets over liabilities and reserves. The term "fund balance" is used in governmental fund types. The term "retained earnings" is used for the enterprise funds.

GENERAL FUND

The largest fund within the City, the General Fund accounts for most of the financial resources of the government. General Fund revenues include property taxes, licenses and permits, local taxes, service charges, and other types of revenue. This fund usually includes most of the basic operating services, such as fire and police protection, finance, park and recreation, building inspections, public works, and general administration.

GENERAL OBLIGATION BONDS

Bonds that finance a variety of public projects such as streets, buildings, and utility improvements; the repayment of these bonds is usually made from the General Fund, and these bonds are backed by the full faith and credit of the issuing government.

HOMESTEAD MARKET VALUE EXCLUSION (HMVE)

Starting with taxes payable in 2012, qualifying homeowners received a value exclusion, meaning they pay taxes on a portion of their home's value. Only homesteads (defined as owner-occupied homes for tax purposes) qualify for the exclusion. Homesteads valued at less than $76,000 have 40 percent of their value excluded; for homesteads valued at more than $76,000, the exclusion percentage is reduced until it hits 0%.

INTEREST INCOME

Revenue associated with the City cash management activities of investing fund balances.

INTERGOVERNMENTAL REVENUE

Revenue received from other governments in the form of grants or shared revenues.

LEVY LIMITATION

The maximum amount, which is permitted to be levied by a taxing jurisdiction as established by Minnesota Statutes. Levy Limits were in place for 2009, 2010 and 2011 for cities with populations over 2,500.

LICENSE REVENUE

Consists of both a "revenue fee" and "regulatory fee" imposed on business.

LOCAL GOVERNMENT AID

A state government revenue sharing program for cities and townships that is intended to provide an alternative to the property tax. The formulae for distributing the aid payments changed for 2004 and beyond. Large city formula factors are: pre-1940 housing percentage, population decline over last decade, accidents per capita, average household size, metro or non-metro and adjusted tax capacity per capita. In 2006, a new aid base for small cities was created. Cities under 5,000 in population received base aid equal to $6 per capita. The 2008 reforms resulted in several other changes and additions to aid base. The formula was changed again in 2013 for aid distributions in 2014 and beyond.

LOCAL TAX RATE

The rate used to compute taxes for each parcel of property. Local tax rate is computed by dividing the certified levy (after reduction for fiscal disparities distribution levy and disparity reduction) by the taxable tax capacity.

MARKET VALUE

An assessor's estimate of what property would be worth on the open market if sold. The market value is set on January 2 of the year before taxes are payable.

OPERATING BUDGET

Plans of current expenditures and the proposed means of financing. The annual operating budget is the primary means by which most of the financing acquisition, spending, and service delivery activities of the government are controlled. The operating budget is essential to sound financial management.

OTHER CHARGES

A level of budgetary appropriations which include expenses for outside professional services, advertising, insurance, utility costs, repairs, maintenance and miscellaneous costs.

PERMIT REVENUE

Fees imposed on construction-related activities and for the acquisition of other non-construction related permits (e.g. animal, rental housing, etc.).

PERSONAL SERVICES

A level of budgetary appropriations that include expenses for salaries, wages, and related employee benefits such as the City's share of retirement and insurance.

PROPERTY CLASS

The classification assigned to each parcel of property based on the use of the property. For example, owner-occupied residential property is classified as homestead.

PROPERTY TAX LEVY

The tax imposed by a local unit of government. The tax is established on or around December 28 of the year preceding the year taxpayers will pay the levy.

REVENUE

Funds that the government receives as income. It includes such items as tax payments, fees from specific services, receipts from other governments, fines, forfeitures, grants, shared revenues and interest income.

STRATEGIC POLICY PLANNING

Establishing and prioritizing goals and policy direction. Represents the City's fundamental planning process.

SUPPLIES

A level of budgetary appropriations which include expenses for commodities that are used such as office supplies, operating supplies, repair and maintenance supplies.

TAX CAPACITY and TAX CALCULATIONS

An explanation of tax capacity, tax rates, and a total tax calculation example follows:

Estimated Market Value: The current worth of properties subject to taxation as determined by the county assessor. Each property must be appraised at least once every four years.

Class Rates: The percentage of estimated market value subject to taxation for various types (classes) of property. Residential property, for example, is taxed at a different rate than agricultural, commercial or industrial. These rates are set by state legislation and subject to amendment on an annual basis.

Class Rate Examples:

Classification	Class Rates for 2017
Residential Homestead	First $500,000 at 1% Amount over $500,000 at 1.25%
Commercial/Industrial	First $150,000 at 1.50%

Amount over $150,000 at 2%

Tax Capacity of a Property: The valuation of property based on the estimated market value multiplied by the appropriate class rates as noted above. The property tax for each parcel is based on its tax capacity.

Tax Capacity Rate: The total of all levies (net of other State aid) in a jurisdiction divided by the total tax capacity of that jurisdiction. This factor is multiplied by the tax capacity of an individual property to determine the tax payable in the current year.

Total Tax Capacity: The amount computed by first totaling the tax capacities of all parcels of property within a city. Adjustments for fiscal disparities, tax increment and a portion of the powerline value are made to this total since not tax capacity is available for general tax purposes.

TRUTH IN TAXATION

The "taxation and notification law" that requires local governments to set estimated levies, inform taxpayers about the impacts, and announce which of their regularly scheduled council meetings will include a discussion of the budget and levy. Taxpayer input is taken at that meeting.
